

Sunoco opened their first full service gas station way back in 1920 mixing their first high octane fuels in 1950. Sunoco first entered motorsports in 1966, establishing the Sunoco Race Fuels arm of the globally known company by first providing race fuel for Roger Penske's Indy Team. Since then, Sunoco Race Fuels has become the preeminent racing gasoline from the local bullrings to Daytona International Speedway.

## **Sunoco Race Fuels has been a Contributor to American-Canadian Tour Racing since 2020**

**Sunoco Race Fuels contributes one 5-gallon pail of ACT 110 Spec Fuel to the Driver in each American-Canadian Tour Event that Improves their Position the Most as that Event's Hard Charger**
